 ¹

 1.3 Kg/m²

¹ The application must be in the form of a fan spray of 30° angle and not a high pressure 'cutting jet'. The suggested minimum distance between the nozzle and the ceiling tile should not be less than 300 mm and the angle of projection should be 45°. Parafon Hygien should be installed with Gridline 24 Corrosive Resistant grid and be clipped for high pressure water cleaning. Cleaning recommended twice a year.
